

# Certificate Ownership vs. Non-Ownership - 2018

---

If you would like to become an equal share owner in the Country Club, membership certificates are available to purchase, either from the Club or on the open market.

Each share has a face value of \$250.00. Each classification of membership requires a different number of shares to participate fully in ownership. They are as follows:

House Membership	1 share
House, Pool, Tennis	2 shares
Single Golf	4 shares
Family Golf	8 shares

**NOTE:** You may pay golf dues plus certificate cost on a monthly basis if the certificate is purchased from the club. Payment plans are available for 1-yr., 5-yr., and 10yr. options (see below).

As a certificate owner, you will be allowed to vote on all club issues as well as run and vote for the Board of Directors. These certificates are transferable to your beneficiary and can be sold on the open market as well.

**NOTE: Because of an increased tax liability, your dues will be greater as a non-certificate holding member. To be charged the certificate owner rate, your certificate must be equal to or greater than the membership classification you are paying for.**

Our Superintendent, Rodney Hunter or our Membership Chairman will be pleased to explain the options to you. You may call the Club at 660-885-2521 and ask to speak to either.

**Restaurant Policy:** Each adult member is required to spend a minimum each month in the restaurant and bar of \$15.00, unless their home address is 75 miles or more from the Club location.

**Golf Cart Policy:** Golf carts are available for lease through the Club or you may store you own in our cart shed. A cart shed space costs \$400.00 for the first year, then \$350.00 per year thereafter. For leasing costs, please contact Rodney Hunter to see which program will best fit your needs.

**Installment plan for dues plus certificate purchase:**

Single Golf: 1 year, \$210.00 per month	Family Golf: 1 year, \$342.00 per month
5 year, \$160.00 per month	5 year, \$208.00 per month
10 year, \$135.00 per month	10 year, \$192.00 per month
